

### ***Double cylinder double doffer with random roller carding machine***

#### **Uses and characteristics:**

The machine is suitable for processing opened fiber with specifications 1.5D-20D, length shorter than 100mm, to be even fiber web and feed for next step use.

#### **Main specifications:**

1. width: 1550mm, 1850mm, 2000mm, 2300mm, 2500mm
2. cylinder diameter:  $\Phi 850$ ,  $\Phi 1020$ ,  $\Phi 1230$
3. doffer diameter:  $\Phi 492$
4. two forms: stripper roller and comb
